

## **Scriptures & Scripture Portions Descriptions**

### **Full Bible/New Testament:**

A full Bible or New Testament can be intimidating or overwhelming to a person who's never read it before. That is why we also share focused portions of the Bible which serve as an important starting point for people as they explore God's Word for the first time.

### **Hope/Redemption/Light:**

*Hope, Light* and *Redemption* are three examples of Scripture portions that resemble magazines. Each of them highlights key messages of the Bible (Psalms and Romans respectively), overlaid on beautiful photographs and illustrations. Each magazine also includes the full Gospel of John so people are introduced to the person of Jesus Christ. The *Hope* and *Redemption* Magazine have been translated in 30 different languages and used to teach hundreds of unique cultural groups about God's love.

### **Gospel of John:**

We share pocket-sized copies of the Gospel of John, bound in a variety of intriguing covers, for the purpose of introducing people to the person of Jesus Christ.

### **Spark:**

*Spark* magazine is all about the greatest rescue operation ever launched. Each of us needs saving because of our brokenness and sinful hearts. And God, because of how much he loved us, worked out a way to save us and restore our relationship with him. *Spark* is particularly intended for children and teenagers. It's colorful, interactive design draws the attention of adolescents all over the world.
